

WELCOME

Welcome to Villages on MacArthur Skilled Care & Memory Care where you will experience an individualized treatment plan designed to enable you to achieve your maximum level of physical and cognitive function to restore your independence. Our team of professionals includes Registered and Licensed Nurses as

well as Physical, Occupational and Speech Therapists. Choosing a health care community can be one of the

most difficult and most important decisions one will ever have to make. At the Villages, we strive to make that decision a little easier.

OUTSTANDING AMENITIES

At the Villages we understand that the smallest details can make the biggest difference. That's why we are constantly evaluating our amenities to ensure that we are exceeding the expectations of the community we serve.

- Private and shared accommodations
- Secured Memory Care Unit
- Physical, Occupational and Speech Therapy
- Hospice and Respite Care
- Senior Wellness Programs
- Pharmacy
- Beautiful courtyards
- Salon and barber services
- Social services & family education
- Podiatry, Dentistry and Optometry Services

STANDARD SKILLED NURSING SERVICES:

- 24-hour clinical care
- Licensed nursing care
- Pulmonary management
- Post-surgical stabilization
- Intravenous/enteral/parenteral therapies
- Restorative nursing care
- IV and Oxygen therapy
- Medication administration
- Emergency call systems

EASY TRANSITION HOME

An important part of the Villages' rehabilitation program is our Activities of Daily Living

apartment. Patients can gain practice in skills such as cooking, bathing, and transferring in and out of bed, in a realistic

home-like setting. Our ADL apartment comes complete with refrigerator, stove, and sink connected to a private room to help individuals regain confidence for independent living. This allows patients to assess their capabilities to care for themselves or with the assistance of a caregiver. This increases confidence for a safe return home.

MEETING VIRTUALLY ANY REHABILITATION NEED

The Villages' extensive therapy department provides comprehensive rehabilitation treatments in the three primary disciplines of Physical, Occupational and Speech Therapy, always striving to maximize patient independence.

Rehabilitation Services include:

- Joint replacement
- Stroke recovery
- Fall management
- Bladder management
- Parkinson's
- CHF
- COPD
- Cardiac
- Pulmonary
- General deconditioning
- Post-surgical strengthening
- Orthopedic Recovery program monitored by Orthopedic Medical Director
- Wound Care
